Newsletter— March 2022

Dear Friends & Partners in Ministry,

God’s Eternal Kingdom is being built one soul at a time.

Here are a few facts:

- * We have 48 orphans in programs from 2 yrs. to College.
- * 28 are in Pre-School thru Grade 8.
- * 8 are in Boarding High Schools
- * 12 are in Colleges, Tech Schools or Universities.
- * 8 Primary students will go into High Schools in April.
- * 4 of our HS kids will be graduating soon.
- * 11 have moved out of either HS or Colleges and into adulthood.

This does not include Uganda orphans or the Two Youth Shelters doing a great ministry too. Our sponsors and donors have made it possible over these past 18 years for these many children to grow up at ECH. We are discipling all of these precious young people to live for the Lord and to follow after their God-Given dreams for their futures. We are trusting the Lord that many of these young people have been trained to be “Kenya’s next Generation of Godly Leaders and Families.” All of their accomplishments will most likely be a result of your prayers & sacrificial giving. Thank you so very much! To God be ALL the Glory! Until He returns, let’s all lay up treasures in Heaven.”

“Katlyn’s Korner”

“This past month I came home for a short break which turned into a bit of a longer break due to positive Covid tests. Thankfully I have never had symptoms but it has become a bit of a frustration. My prayer request is that I will be able to get a negative Covid test soon. The kids are all doing well and I have been able to communicate with them regularly through video calling. They are all finishing up their school year this month and will begin the next grade level in April. Praying to get back to hug all of them soon!”

– Katlyn Pollock

2 Youth Shelters – Boys & Girls

Girl’s Shelter – Happy to Weave Mats to Sleep On!

ABANDONED STREET YOUTH: God has led several of our friends and supporters to help us financially to begin the “Youth Shelter for Girls” in Kakamega, Kenya. The billboard pictured above has helped raise community awareness tremendously. We really need to raise funds for mattresses, bunk beds, food & toiletries for the Girl’s Shelter. We have two young ladies who have Volunteered from the community, a Social Worker and a Cleaner. Both are not being paid anything. One University has assigned their students to the Girl’s Shelter for their needed practicum for their students. Because of our Boy’s & Girl’s Temporary Shelters many tragedies are being averted and hope is being instilled, to the Glory of God! You can help! Click here: [TO DONATE](#)

VOLUNTEER TRIP TO KENYA

August 4-20, 2022

A Meaningful Vacation of a Life-time!

We are putting together a team to go with us to serve in a variety of ways. Regardless of your age or abilities there is something that all can do. This is a great opportunity for singles, couples, with or without children. The Safari extension is an optional two night Professional Safari at World Famous Masai Mara.
